Samoa ColorTrans UV – Ink pumps

Ink pumps available for every field of application manufactured in the well-known Samoa quality since nearly 35 years

200kg Drum pump  
P100/150-L/L/UV/DH/20/V2  
Delivery rate / cycle  $154 \text{ cm}^3$   
Pressure ratio 8:1

Pail can pump  
P100/150-25H/L/UV/DH  
Delivery/double stroke  $154 \text{ cm}^3$   
Pressure ratio 8:1

# Samoa ColorTrans Ink Supply Systems for UV Inks

Samoa ColorTrans UV Ink pumps

Samoa ink pumps as standard for the UV offset ink field out of 200 kg ink drums and 25 kg pail cans, offers a high, user-friendly operation.

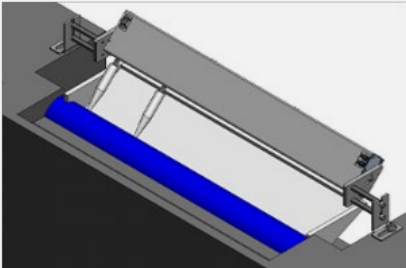

# Samoa ColorTrans Ink Supply Systems for UV Inks

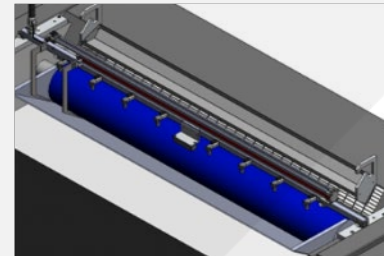

Samoa ColorMove BIA Ink Agitator

For continuous ink agitating in the ink fountais specially when using UV- resp. high viscosity inks

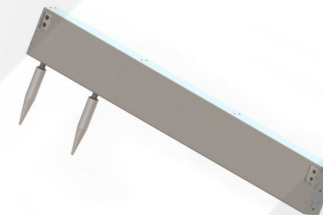

Version BIA-PKH  
pneumatically driven ink  
agitator with rotating cone

Version BIA-PSH pneumatically  
driven ink agitator with double  
scraper blade

BIA-PSH (not swinging  
version) BIA-PSS (swinging  
version)

BIA-PKH (not swinging version)  
BIA-PKS (swinging version)

Samoa UV – Pumps for Dosing Systems BMS

# 1.4 Samoa ColorMove Ink Agitator BIA

Ink Agitator BIA

In different versions available

Ink Agitator BIA-PSH (not swiveling)

Ink Agitator BIA-PSS (swiveling)

Ink Agitator BIA-PKH (not swiveling)

Ink Agitator BIA-PKS (swiveling)

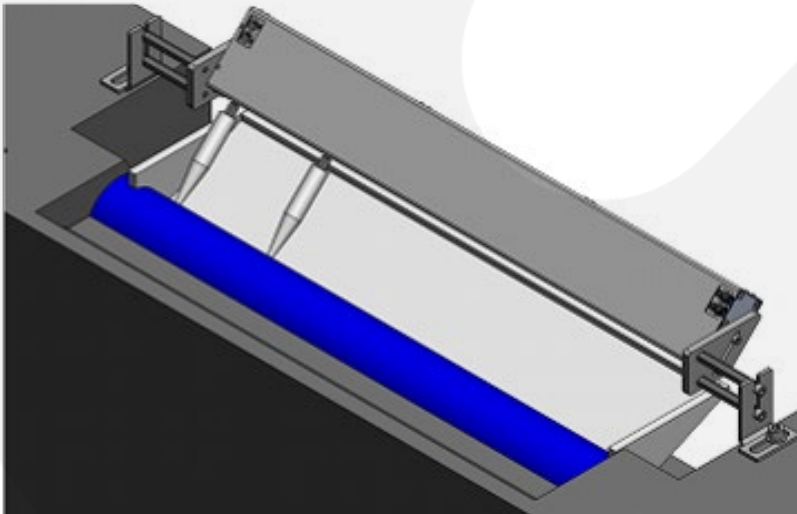

# Samoa ColorMove Ink Agitator BIA

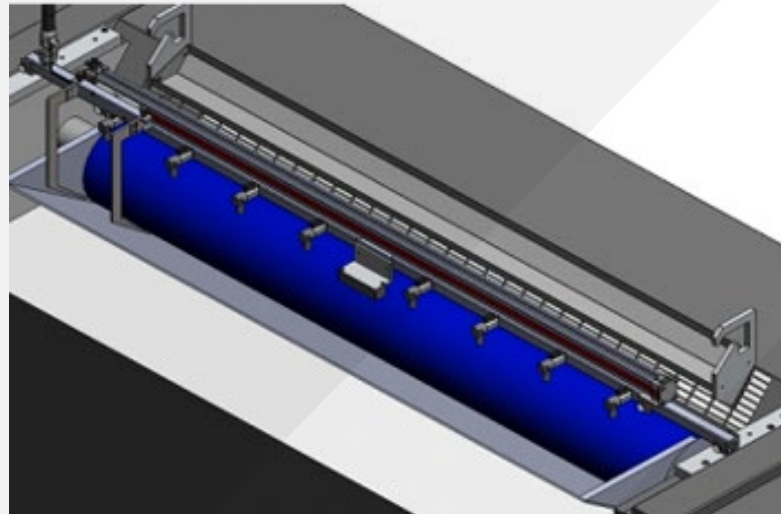

Ink Agitator BIA

For continuously ink agitation throughout full ink fountain width specially by using UV- or high viscosity inks.  
Can also be combined in conjunction with automatic ink leveler

Version BIA-PKH – pneumatically driven ink agitator with rotary cone

Version BIA-PSH – pneumatically driven ink agitator with blades, provided for installation on top of the ink leveler

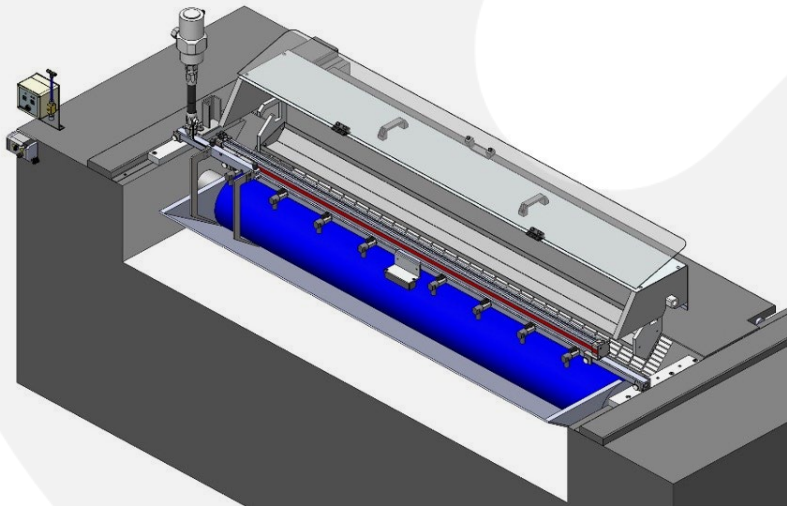

# Samoa ColorMove Ink Agitator BIA

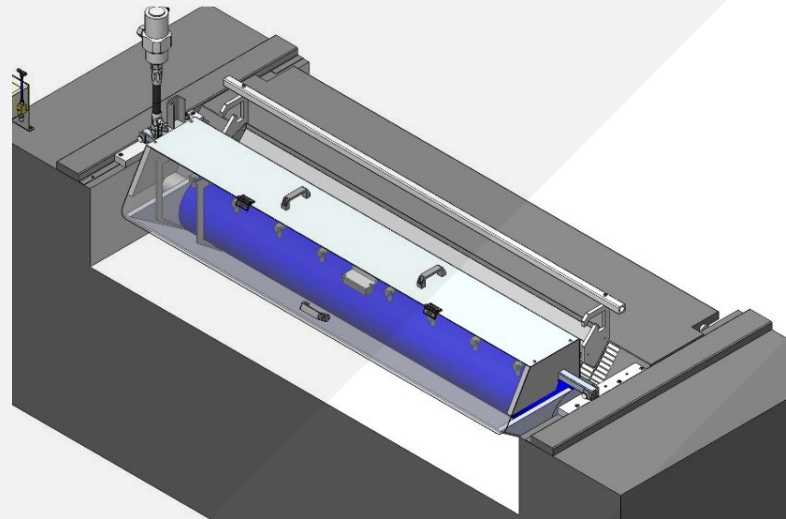

Ink Agitator BIA

Ink agitator BIA-PSH for sensitiv LED-UV Inks, combined with Ink leveller and protection cover

Complete unit in park position

Complete unit in working position

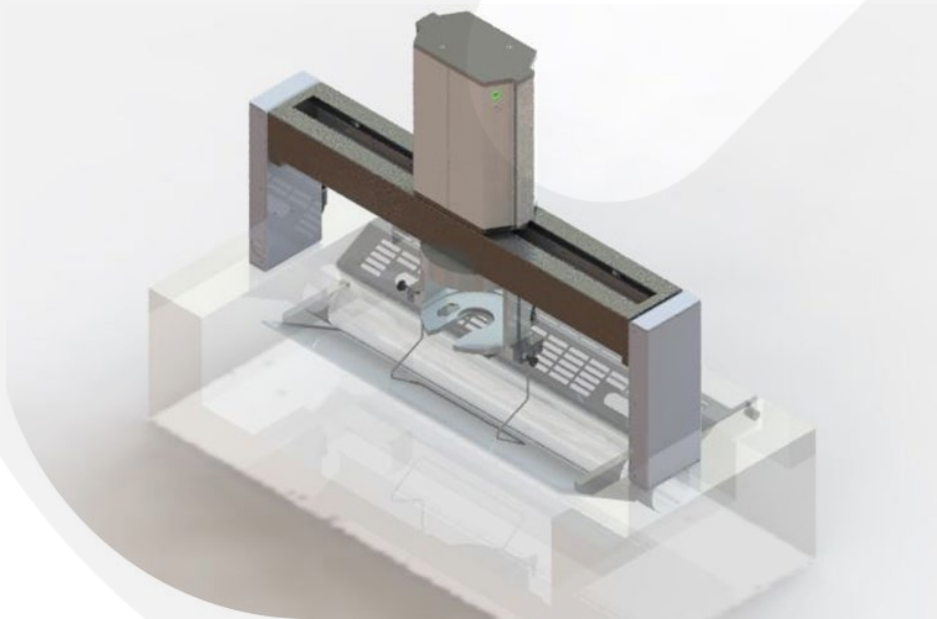

# Samoa ColorMove Ink Agitator BIA

Ink Agitator BIA

Version BIA in combination with the BCP ink can dispensing

# Samoa ColorMove Ink Agitator BIA

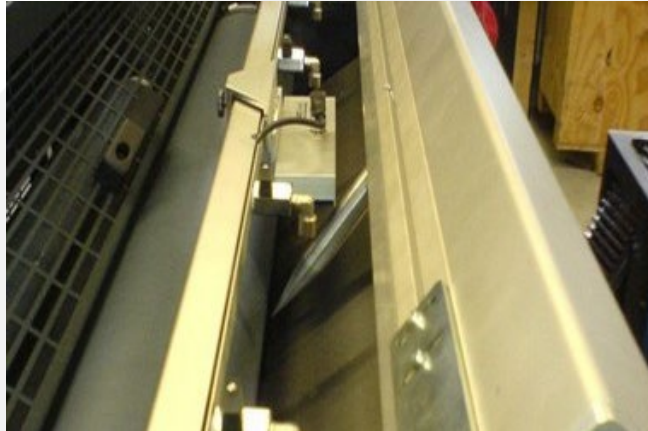

Ink Agitator BIA

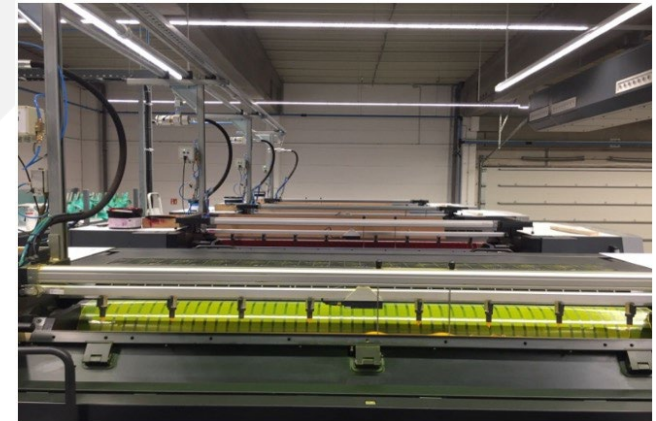

Version BIA in combination with the BCP ink can dispensing

Version BIA-PSH in combination with the BCP ink can dispensing system

Version PKH – pneumatically driven ink agitator with rotary cone

BIA-PSH with blades, provided for installation on top of the ink leveler

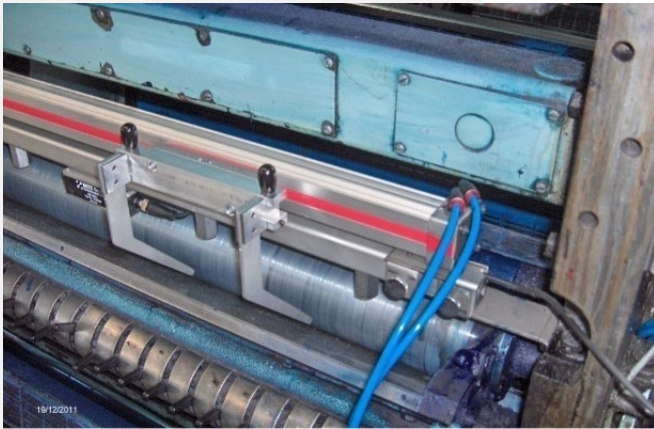

# Samoa ColorMove Ink Agitator BIA

Ink Agitator BIA

Version BIA in combination with the BCP ink can dispensing

Ink Agitator BIA-PS on a Newspaper press

BIA pneumatic connecting box

Version BIA-PSH pneumatically driven ink agitator with blades, provided for installation on top of the ink leveler
